

QUALITY POLICY

UOP will:

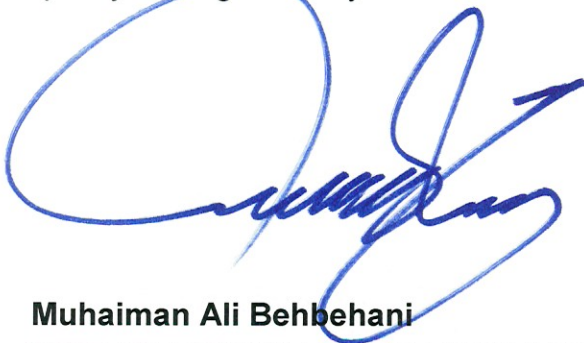

- manufacture and / or supply Resins and Specialty Chemicals of consistent quality, satisfying applicable requirements and with performance characteristics matched to our customers' requirements;
- service its customers' commercial needs in a dependable and systematic manner to their satisfaction.

UOP's service and product quality will be based upon processes [business, manufacturing, and logistics] that are:

- simple and repeatable;
- controlled, measured and traceable;
- cost-effective.

UOP will monitor and evaluate its processes with a view to their continual improvement.

UOP will achieve these goals through rigorous adherence to formalised quality management system ISO 9001:2015.

Muhaiman Ali Behbehani
VICE CHAIRMAN / CHIEF EXECUTIVE OFFICER
